

hey girls!

Wanna be Tech Savvy?

You will be after a day of hands-on fun with science, technology, engineering, and math!

Tech Savvy is a one-day workshop that prepares you to be a scientist, engineer, or technology expert. Spend your morning in **hands-on workshops** in math and science fields. After lunch, learn “**savvy skills**” you can use in daily life, like critical thinking, public speaking & knowledge about financial literacy and interviewing.

A separate parents’ program features talks on STEM education, careers and more.

WHO: Girls in 6th, 7th, 8th and 9th grade and their parents

WHEN: Saturday, April 29
8:30 a.m. - 4:15 p.m.
