

## **Engineering and Computer Science**

Dana Hall School seeks candidates for the position of Department Head: Engineering and Computer Science.

The individual in this position will be accountable for:

- coordinating academic technology in grades 5-8
- having a leadership role in the School's 1:1 iPad program and collaborating with all faculty members on academic technology
- serving as a middle school based educational technologist who supports and guides middle school teachers
- teaching 5th and 6th grade technology classes
- overseeing the Engineering and Computer Science Department
- contributing to the programming in a newly-completed Makerspace
- serving on the Department Heads' Committee

Candidates should have the minimum of a college degree in a related field and prior teaching experience working with adolescent girls in the field of engineering and/or technology. Other requirements include excellent communication skills, an ability to multi-task and maintain details, as well as the ability to be a team player who is held accountable for the overall quality of the program.

This is a ten-month, full-time position reporting to the Director of the Middle School.

Dana Hall seeks candidates who will contribute to and are committed to diversity and multicultural educational practices.
